## YOU'RE INVITED TO BE A CREATIVE SPARK ARTIST

As part of the Galleries@WORK\_SPACE Creative Community, we are excited to invite you to participate in our **#CREATIVE SPARK** program. Each spark is a 5 – 8 minute video created by an artist and released every Friday, by WORK\_SPACE, at noon. These videos can consist of anything related to art, the artistic process, and/or the impact art has on us individually and collectively. Our goal is to showcase our artistic friends and spark creativity in our audience. We would be thrilled if you would create a video for us that showcases your unique talents!

### Some Ideas

- Film a time-lapse recording of yourself creating a work
- Provide instruction with a brief “how to” video
- Compile a slideshow of photographs
- Record a musical performance
- Record an interview with our Manager, Stacey Zackin
- A combination of all of the above

### Some Methods of Presenting your Work

- Smart phone recording
- Zoom
- Presentation apps like: Prezi, PowerPoint, Google Slides, Canva, Keynote
- iMovie

To spark more ideas - view past Creative Sparks via:
